for the hospitality industry

Aloha

Aloha eCard is an industry-leading gift card distribution and management solution tightly integrated with Radiant's Aloha point-of-sale (POS) system. RBS Lynk, the exclusive processing provider of the Aloha eCard multi-settlement solution, is a leading, single-source provider of electronic payment processing services – the US payment processing division of The Royal Bank of Scotland Group (the third-largest transaction acquirer in the world).

Radiant Systems and RBS Lynk have partnered to enable each store in your restaurant group the ability to share gift cards and receive respective gift card settlement. Participating in a gift card program increases sales and traffic at all locations while boosting corporate advertising power and brand recognition.

ALOHA eCARD MULTI-SETTLEMENT BENEFITS:

- Multiple restaurants and other businesses — like franchisees of the same brand, members of the same association, and cooperatives — can share Aloha eCards
- Transfer, reconcile and verify gift card funds automatically
- Reduce administrative time and costs – no more collection or payment hassles between multiple locations
- Gain comfort and security of gift card fund reconciliation backed by a leading payment processor
- Provide customers increased buying power and flexible spending options

Distribute gift card funds between your locations quickly, accurately and seamlessly with Aloha eCard and RBS Lynk.
